

Multi-Purpose, HighTack Spray Adhesive

Clear and Blue

- Quick Drying
- High Tack
- Safe for Use on Expanded Polystyrene Foam (EPS)
- Waterproof
- Dries Clear & Flexible
- Non-Staining

At Westech, our efforts are focused on producing high quality, industrial strength adhesives. We sell our products in a wide variety of markets at a competitive price. With a profound understanding of our customers' needs and years of industry experience, we continue to develop new products and applications to serve our current and future customers.

Westech's DMEasy was formulated for bonding a variety of materials in general construction.

- Utilizes High Tack Formula for Best Adhesion
- Applies Easily
- Dries Quickly
- Safely Bonds EPS to other substrates

Westech's self contained, environmentally friendly, portable canister system was designed for ease of use. The canister, equipped with a reusable hose and gun, eliminates the need for air-assisted adhesive application systems. This approach significantly reduces worker set up and general maintenance time. Its portability enables you to apply adhesive in your facility as well as on the job site. This product is also available in small handheld aerosol cans.

WT-DMEasy provides a fast tacking, strong, permanent and waterproof bond.

- Multi-Purpose
- High Tack
- Waterproof
- Exterior and Interior Applications

Technical Data

Westech DMEasy product is formulated as a non-methylene chloride, solvent-based, multi-purpose adhesive for industrial use.

Technical Data:

- Contains NO CFCs
- No hazardous air pollutants

Performance Features:

- Will not degrade Styrofoam if properly applied
- Formulated for rapid application
- Bond will hold in the presence of both heat and humidity
- Applies easily and adheres to a variety of substrates

Safety Recommendations:

Vapors may be harmful to health. Keep away from children. Use only in well ventilated areas or use respiratory protection. The product MSDS should be read and understood before use. Eye protection is required. This product is flammable. Keep away from fire or flame.

Recommended Usage:

Westech DMEasy is formulated to provide permanent bonding of a variety of general construction materials. This product is designed for safe usage on many applications in bonding EPS foam. Applications range from bonding EPS to sheet rock, bonding EPS foam landscaping in hobby modeling, laminated EPS to itself and many other applications.
